# WHAT MONEY CAN'T BUY? GOOD HEALTH?

YOUR HEALTH STARTS NOW WITH KEMPSMART *i9*

A healthier you begins with drinking KempSmart *i9* alkaline hydrogen water to boost your metabolism by eliminating acids and toxins to energize your body.

### The Heart

Excessive acid toxins stresses heart muscles & its functions. Acid wastes in your system also rob your blood of oxygen, which causes your heart tissues to deteriorate and cause blockage.

### The colon

Acids, toxins and wastes clog your colon, creating a ground for spreading diseases that make you ill.

### The Stomach

Acids and toxins contribute to poorly digested food, fewer nutrients being absorbed, and acid rising up into your throat. Acid reflux, GERD, IBS, hiatal hernia and gastritis are all on the rise.

### The Kidney

The kidneys create urine and help to get rid of excess acids from the body. If your blood has too much acids and toxins, your kidneys are over-stressed which contribute to health disorders.

### The Liver

Serves over 300 different functions, with two of the most important functions being to remove acid wastes from your blood and make alkaline enzymes for your bodily functions.

### The Pancreas

Acids and toxins stress pancreatic functions which inhibits insulin secretion that in turn promotes diabetes type II

## ENJOY A H.E.A.P OF BENEFITS WITH KEMPSMART *i9* ALKALINE HYDROGEN WATER IONIZER

01 **HYDRATE**

02 **ENERGIZE**

03 **ANTI-AGING**

04 **PROTECT**

01 Micro-clustered water infused with hydrogen promotes rapid absorption & removal of toxins

02 Improves energy generation for better stamina & well-being

03 Promotes type 1 collagen production and helps reduce skin wrinkle rates

04 Protects our cells, tissues and DNA from free radical damage

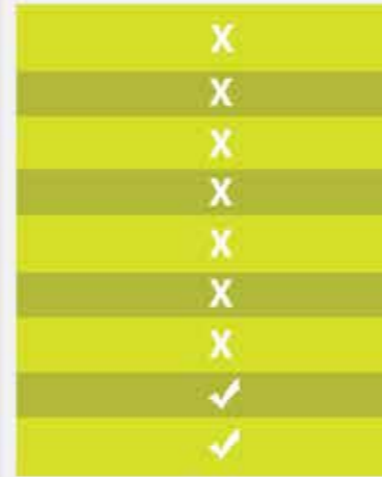

## THE DIFFERENCE BETWEEN ALKALINE HYDROGEN WATER AND ALKALINE FILTERED WATER.

1. Medically Approved Manufacturing Process
2. Medically Approved Device
3. Platinum-Titanium Mesh plates
4. Electricity to Break Up Minerals into Ions
5. Rich Ionic Mineral Water for Easy Absorption
6. Process Consistent Alkaline Hydrogen Water
7. Germs Are Killed by Electrolysis Process
8. Multiple Filters - High Maintenance Cost
9. Alkaline Chemical Compound Filter

# KempSmart *i9*

## INDUSTRY FIRST SMART TECHNOLOGY

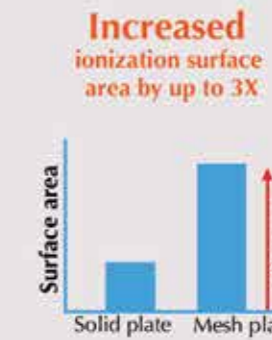

**10 levels Filtration**  
ultra-fine 0.01 micron filter

### KDF55 ULTRAFINE 0.01 MICRON FILTER

Designed specifically for removing chlorine, water soluble heavy metals such as lead, mercury, nickel, chromium and other dissolved heavy metals.

**9 NewTec Plates** From Japan  
Platinum Titanium Mesh Plates

### Increased energy efficiency

Mesh plates channel electron flow evenly to provide consistent delivery of power more efficiently.

### Reduced heat generation

Low heat buildup reduces plate oxidation to maintain ionizing performance.

### TESTED BY SINGAPORE TEST LAB

- KempSmart *i* watercell plates are tested and certified by TUV PSB Singapore
- Certified platinum - titanium plates

### Patented DARC cleaning

SmartClean patented DARC prevents calcium build-up, lengthens life span of machine and maximise ionization for optimum performance.

### 9 levels water selection

Ionizing levels can be selected according to your needs and preferences.
